

COMPLIMENTARY • 1 HOUR

# AI Innovation Assessment

Every company knows AI matters, but most don't know where they actually stand. Get a personalized AI maturity score, quick-win recommendations, and a clear picture of where AI fits in your organization today.

**1 Hour**

Session Length  
Virtual or In-Person

**2–3**

Quick Wins  
actionable in 30–60 days

**5 Min**

Prep Required  
short intake form

**100%**

Complimentary  
no strings attached

## WHAT YOU GET IN 60 MINUTES

- AI Maturity Score**  
Structured evaluation across 5 dimensions: data readiness, infrastructure, team capabilities, governance, and current AI adoption
- Quick-Win Identification**  
2–3 AI opportunities you can act on in 30–60 days using tools you already own (Copilot, Azure AI, Power Platform)
- Innovation Readiness Snapshot**  
Honest assessment of whether you're ready for custom AI development or if foundational work is needed first
- Recommended Next Step**  
One clear recommendation for your best next move, whether that's a workshop, assessment, or proof of concept

## HOW IT WORKS

- Pre-Session (5 min)**  
Short intake form: tech stack, team size, current AI usage, top business challenges
- Live Session (50 min)**  
Structured conversation led by an Azure AI-certified consultant. Walk through each maturity dimension, discuss goals, identify value.
- Deliverable (within 24 hrs)**  
AI Innovation Scorecard: maturity rating, quick wins, and recommended next step

## WHO SHOULD BOOK THIS

- Technology leaders evaluating whether to invest in AI initiatives this year
- Executives hearing about Copilot, AI agents, and automation but unsure where to start
- Organizations already using some AI tools but uncertain about what's next
- Companies that have been pitched AI solutions and want an unbiased second opinion

## DELIVERABLE: AI INNOVATION SCORECARD

- AI Maturity Rating
- Quick-Win Opportunities
- Readiness Assessment
- Recommended Next Step

## WHY THIS IS DIFFERENT

### Practitioners, Not Account Managers

Azure AI MVP on staff. You're talking to people who build AI solutions, not people who sell them.

### No Strings Attached

The scorecard is yours to keep whether you engage us or not. This isn't a sales pitch disguised as an assessment.

### Built for Decision-Makers

Designed for VPs, directors, and CIOs who need to understand AI's impact on their business, not a deep technical dive.

### Quick Wins First

We identify what you can do in 30–60 days with tools you already own before talking about anything custom.

## Microsoft AI Specialization

### VERIFIED PARTNER EXPERTISE

ArchitectNow has earned the Microsoft AI Apps on Azure Specialization, a recognition awarded to select partners who demonstrate deep proficiency delivering production-ready AI applications on Azure.

- ✓ 4 Microsoft Solutions Partner designations
- ✓ AI Apps on Azure Specialization
- ✓ Azure AI MVP on staff
- ✓ Access to Microsoft funding
- ✓ 15+ years on Microsoft stack
- ✓ Enterprise security & governance

## WHAT USUALLY HAPPENS NEXT

1

### AI Discovery Workshop

Free • Half Day

Deep dive with use case mapping and prioritization

2

### AI Readiness Assessment

\$15K • 2 Weeks

Structured engagement with full technical evaluation

3

### Build & Deploy

Custom Scope

Copilot agents, AI apps, or process automation

No pressure to pick a path. The scorecard gives you what you need to decide on your own timeline.
